me: and am the one who organized Anon's legal defense and paired the movement with lots of respectable people who can now protect us
me: they have any number of reasons to nab me and they can at the very least get a warrant to raid my shit
me: that's what I gather from one of our lawyers, and seems to be pretty good assessment
me: I don't expect anything to happen quite yet, but yeah
me: to the extent that I'm calling for revolution on behalf of a significant non-state actor in al-Jazeera, etc, I'm inconveniencing a lot of people
me: doesn't help that we just put a spotlight on a bunch of CIA/NSA-linked contractors
me: or that I spoke to a couple of them, lol
me: I haven't had time to fill you in on my role yet
me: but, yeah, everyone's telling me to expect charges at some point
